

# Open an account with Scotia iTRADE

Opening an account is easy and takes about 15 minutes.  
Our helpful tips below could help make the process easier for you.

To open a personal account, each account applicant will need:

1. To be a Canadian resident and above the age of majority based on province of residence
2. A Social Insurance Number (SIN)
3. A legible copy of a valid Canadian Government issued photo identification that is not expired

**Important:** Name and address on the identification document needs to match the application to prevent account opening delays.

**Please note: To open a legal entity account, applicants can call 1.888.769.3723 or visit a Scotiabank branch for assistance.**

Helpful tips for you:

Each account applicant must:

- Upload a valid copy of a Canadian Government photo identification
- Upload a void cheque if they would like to request a non-Scotiabank account to be linked with a new Scotia iTRADE account
- Remember to print and sign their application if documents are being mailed to Scotia iTRADE
- Mail a void cheque or a valid photo ID if it was not uploaded during the online account application
